

REMARKS

Claims 1, 3-8, 12-13 and 15-17 are pending in the application. The Abstract is amended to make it clear and concise. Claim 12 is amended above to provide antecedent basis for the term "the basestation". No new matter has been added to the application by way of these Abstract and claim amendments.

The amendments above overcome to specification and claim objections raised by the examiner in the May 9, 2006 Ex Parte Quayle action. Favorable reconsideration and allowance of all pending application claims is courteously solicited.
